

SYED MAAZ SAEED

FRONT-End-Web-Developer

Summary

I'm a Front-End Web Developer with 2 years of experience, working on various projects. I'm a self-learner who is passionate about my job. I have a strong command over HTML, CSS, JS, React JS, Bootstrap, and basic C++. My proficiency in React JS is excellent, and my command of JavaScript is strong. I also have a strong command of programming skills. I am a Software Engineer and have developed several small-scale software systems, such as the HBL system in C++. I also have a good command of OOP, Data structures, and databases like Oracle and MySQL. I have worked on projects using Node.js and MongoDB as well.
